FADE IN:

EXT. FRONT PORCH - HOUSE - DAY

It's a beautiful bright sunny day, the CAMERA pans around to show the lovely house. It stops at the gate as a man stumbles through it. In his hand is something metallic...a GUN.

He is wearing a black suit with a white shirt, his hair is messy and his face covered in blood. He keeps one of his hands clutching at his abdomen, a bullet lodged into it, covered in blood.

The man walks down the stairs slowly and goes to the front door. He goes to kick it. With all his energy he lands one kick on the door...and again...and again!

CUT TO:

INT. HALLWAY - HOUSE - CONTINUOUS

The door is kicked open as the man walks inside, checking the corners. He falls to the ground as he coughs up some blood.

JONES

Fuck...

Using his gun, he stands back up and walks towards the toilet.

CUT TO:

INT. TOILET - HOUSE - CONTINUOUS

Entering the toilet, he falls to the ground, dropping his gun, he stands back up and turns the tap on.

CU: He begins to wash his hands, the sink filling with blood. He splashes the water onto his face and takes a breather.

Jones turns around and picks up his gun, checking it's ammo count he sees it's almost empty. He begins to pull out another clip...but drops it due to his hand being slippery.

He walks out of the toilet and into the hallway, looking around. He runs into the POOL ROOM...

INT. POOL ROOM - HOUSE - CONTINUOUS

Jones enters the pool room and frantically begins searching around it until, he looks underneath but can't find it anywhere.

JONES

Come on Tommy, where the fuck did you leave it!

CUT TO:

EXT. FRONT PORCH - HOUSE - DAY

3 men begin walking down the stairs, each of them brandishing a type of gun. These 3 work for crime boss, MR. ARMSTRONG, the most feared crime boss in the country. Their names are: Glenn, Grayson and Wick.

WICK

Is he here?

GLENN

Of course, he's fucking here! We tracked him.

CUT TO:

INT. POOL ROOM/KITCHEN - HOUSE - CONTINUOUS

Jones hears this and sneaks into the kitchen quietly, he peaks up and sees the 3 descending down the stairs, Glenn tells Grayson to go around.

He quickly runs back into the pool room and waits, as he hears the sound of the front door being kicked open...step...step...step.

Jones sees Grayson walk past the window, a shotgun in hand.

He sees them approaching, Jones takes a deep breath and turns the corner. BANG! BANG! BANG! He fires at them, Wick and Glenn quickly jump out of the way and seek cover. He runs out and hides in the toilet. Glenn approaches and Jones smacks his gun down and lifts his arms in the air, and tries to shoot him but Glenn pushes the gun out of the way and throws him into the wall. He falls to the ground.

JONES POV:

Glenn lifts his leg up and brings it down on Jones.

CUT TO BLACK.

FADE IN:

INT. POOL ROOM - HOUSE - DAY

Jones awakens to see Wick and Grayson holding his arms flat onto the table. In front is Glenn, a glass of whiskey in his hand.

GLENN

You seriously are a pain in my ass.

JONES

I aim to please.

GLENN

Well, you sure as hell, haven't disappointed.

(he pauses, walking over to Jones)

I knew a guy like you before. Yeah, he also stole quite a bit of dough from Mr. Armstrong...and you know what we did to him. Have you ever had Swiss cheese.

JONES

No, I have not.

GLENN

Well, we turned him into the first human version of it.

Wick pulls out a knife and hands it to Glenn. Glenn grabs Jones's hand.

GLENN (CONT'D)

Where is the money...Mr. Jones.

JONES

Up my asshole. You can check if you like?

GLENN

I will rip you inside out if I have to. So, please, tell me, where. Is. The. Fucking. Money.

He begins to cut into Jones finger, he grunts.

JONES

Come on. Don't be a girl, come on,
slice my finger off.

GRAYSON

Oh fuck this Glenn! Let's fuck him
up.

He grabs Jones by the collar and kicks him into the wall,
picking him back up, he punches him twice in the face before
pulling out his pistol and presses it to his head.

JONES

Go ahead, shoot me. I know where
the money is. You let me live, and
I'll show you.

GLENN

And what if you're lying?

JONES

Then let's find out.

They release Jones and he stands back up fully.

JONES (CONT'D)

First. Give me your guns.

WICK

Fuck off.

He outstretches his hand.

JONES

I don't want to show you the money,
only for you to shoot me the minute
you get it.

Glenn smiles and gives him his pistol. Jones places it onto
the table and the others follow putting their guns onto the
table.

JONES (CONT'D)

It's upstairs.
(he points to Glenn)
You. With me. I only want 1 person
with me. You 2 stay down here.

CUT TO:

INT. BEDROOM - HOUSE - DAY

Jones and Glenn enter the room. They both look around, until Jones looks at the cupboard. He sees the briefcase.

JONES
Really fuckin' sloppy Tommy.

GLENN
Is that it?

Glenn grabs a lighter from his pocket and a cigarette. He lights it. Jones kneels down and grabs the briefcase and opens it, we don't see the contents of the case, but a smile flashes upon both Jones and Glenn's face.

GLENN (CONT'D)
Good.

They walk out of the room.

CUT TO:

INT. STAIRCASE - HOUSE - DAY

They leave the room and walk down the stairs, Wick and Grayson standing there. We see behind Wick's hands is a small gun he kept tucked into his trousers. He smiles.

GLENN
Alright hand it over.

Jones gives the briefcase to them.

JONES
You know what's strange.

GLENN
What?

JONES
Mr. Armstrong is dead.

They all look stunned.

JONES (CONT'D)
And you would know that he doesn't
ever send more than 1 hitman.

Wick pulls out his gun but Jones kicks him into the wall, causing him to drop his gun.

He turns and punches Glenn in the face. He goes to hit Grayson but he grabs him by the throat and kicks him into the pool room.

CUT TO:

INT. POOL ROOM/HALLWAY - HOUSE - CONTINUOUS

Jones stands back up, and is able to get a blow on Grayson's stomach. Grayson elbows him in the face and throws him into the mini bar. Jones secretly pulls out a knife and when Grayson approaches, Jones STABS it into his foot. Grayson falls down and Jones punches him repeatedly in the face. He spins around and kicks him into the mini bar.

He runs out of the room as Wick jumps at him and they both exchange brutal punches in the face. He kicks Jones into the toilet, Jones grabs a towel and wraps it around his hand and knees him in the stomach. He smacks him in the throat.

Glenn stands back up and goes to grab the bag but Jones knees him in the face. Wick reenters and pulls out a knife, he rushes at Jones who grabs his arm, Wick starts trying to push it into his eye, but Jones ducks and slams the knife into Wick's shoulder. Glenn gets back up and punches Jones in the face. Wick pulls out the knife. Jones punches Glenn in the face and kicks him to the ground.

Wick again goes to stab Jones but he disables him with a blow to the face causing him to drop the knife. They again exchange plenty of blows as Glenn crawls towards the knife. Jones notices, so kicks the knife out of the way and kicks him in the face. Jones is able to trip up Wick. Jones also falls to the ground, exhausted. They all stand back up as the camera holds still as they become animals...ruthlessly beating each other.

They exchange brutal, slow hits as they become more and more tired. The camera pans around as they all have collapsed and, using what little energy they have, all stand back up. Jones runs at Wick and kicks him to the ground, Glenn pushes him into a wall and punches him repeatedly in the stomach. Jones kicks him into the wall. He sees Wick's gun and grabs it before shooting Glenn in the chest who slumps to the ground. He stands up and grabs Wick by the collar and uses the gun as a melee tool, bashing his face as Wick screams - but his screams abruptly cut off.

Jones picks up the briefcase but is suddenly shot in the neck. He turns to see Grayson standing with a gun and fires again hitting Jones in the chest. Jones returns fire landing 2 shots on Grayson, 1 in the chest and other in the...HEAD.

Jones collapses to the floor. Glenn still barely alive goes to punch Jones, but he rolls over and pins Glenn's head to the wall, sticks the gun to his eye and BANG!

THE END
